

3eee Inc.

Care × Welfare

We 3eee are working on supporting "Living Life at Home" for elderly and disabled person with community. Just Care and Welfare are not enough to support, but there is our strategy, "Home Care Valley Initiative": the region with a large-scale multifunction. Using the strategy, we are trying to help socially vulnerable connecting with various business, community and people.

Our facilities are expanded **174** places all over Japan.

***As of August 2020**
